WORK EXPERIENCE

HR Technology Graduate Consultant, Deloitte Sydney Feb 2024 - Present

- Delivered end-to-end Workday integration solutions, recently completing a project for a 6,000+ employee health provider on time and under budget, achieving high Day 1 user adoption.
- Engineered complex integrations using Workday Studio, Oxygen XML, and Postman for Salesforce, iChris data synchronization, and Microsoft Sentinel to enhance security.
- Validated system integrity through ServiceNow lifecycle testing and deep Workday HCM process knowledge.
- Proactively contributed to internal firm initiatives by presenting at Release Forums, co-authoring newsletters, and training new hires in the Workday Bootcamp, preparing them for integration certifications.

Software Engineer, Rushfaster, Sydney Dec 2023 - Jan 2025

- Worked as a productive team member to design, code, deploy, and debug operations.
- Provisioned, designed, and developed a full-stack application on Vercel to service and demo Rushfaster's needs. Frontend is developed with React JS, Backend is an API written in Typescript, and lastly, the Database is a Firestore database. All hosted on Vercel, except the database, which is hosted on Google Cloud Platform.
- Supported the project manager with daily stand-ups detailing progress and roadblocks to inform the team's future decisions regarding development operations.

Marketing Coordinator, Techtel Broadcast Systems Integration, Sydney Jun 2023 - Oct 2023

- Collaborating cross-functionally to implement marketing campaigns for business goals.
- Utilizing website editors to create and maintain company websites to provide visually appealing, user-friendly websites that align with Techtel's brand aesthetics and objectives.
- Managing Techtel's social media, encompassing content creation, scheduling & engagement.

- Publishing compelling press releases, spotlighting Techtel's successful completion of key projects, fostering positive media relationships, and enhancing Techtel's public image.
- Diligently overseeing and curating corporate marketing and brand assets to ensure brand alignment, identity, and messaging across various materials.

Software Development Intern, Fujifilm Data Management Solutions, Sydney Apr 2022 - Jun 2023

- Worked as a productive team member to design, code, deploy, and debug operations.
- Designing, developing, documenting, and maintaining a Salesforce web application to service and demo Fujifilm's products to end users/clients.
- Provisioning, developing, and maintaining various Amazon Web Services (Elastic Computing, Route53, Lambda Functions, and API gateways) to provide scalability and functionality to web applications to demo Fujifilm's services/products to clients.
- Scripting and automating background tasks to log and ensure the uptime of existing services.
- Delivered comprehensive documentation for technical and nontechnical teams on API use, applications, and scripts.
- Supporting the project manager with daily stand-ups detailing progress and roadblocks to inform the team's future decisions regarding development operations.

Project Management & App Development Intern, Clade Solutions, Sydney Feb 2021 - Sep 2021

- Managed end-to-end testing for web apps for reliability & consistency of developed solutions.
- Replicated security penetration tests on deployed applications to ensure security
- Developed scripts to perform automated testing for web applications
- Documented web application and APIs to provide a high-level understanding to end users.
- Supported project manager/coordinator with BAU tasks & accurate weekly report dashboards

Back Of House Team Member, JD Sports, Sydney Aug 2019 - Feb 2021

- Led the management of 50+ box deliveries from various suppliers that supported team members in making store budgets of \$40,000.
- Met back-of-house KPIs (max 60 seconds per shoe order) and consistently communicated progress on shoe orders to provide a timely experience for the customer.
- Proactively took up other roles to assist managers in performing their administrative tasks

EXTRACURRICULAR ACTIVITIES

Co-President, BusinessOne Consulting UNSW Oct 2023 - Dec 2024

Vice President of Operations, BusinessOne Consulting UNSW Nov 2022 - Oct 2023

Marketing Director, BusinessOne Consulting UNSW Jan 2022 - Nov 2022

Marketing Director, CSESoc UNSW (Computer Science & Engineering Society) Jan 2021 - Dec 2021
